### **A. Healing Thru the Power of Music**

Evidence exists that music affects the healing process of those afflicted with physical, emotional, psychosocial or neurological conditions. In this workshop we will discuss examples using the attendees' experiences, and present techniques which may aid healing in different situations.

**Madelaine Yannaccone** is the convener for Holy Spirit Chapter of OSL, and is involved with other church ministries. Through her life experiences, including working with seniors who have Alzheimer's or dementia related illnesses, she has witnessed the healing power of music and presents some of these aspects.

---

### **B. Against All Odds: Surviving, Thriving, Prevailing**

Using the gospels for inspiration and Lois's own experiences, attendees will discover how Jesus works in our lives to touch those areas that are most vulnerable, helping us to understand his healing grace.

**Lois Svalya** is involved with charitable foundations and has an extensive professional background. However, her most fulfilling work is facilitating weekly bible studies at Holy Spirit Church. She and her husband are actively involved in prayer ministry and are life members of OSL

### **C When Two or Three are Gathered Together (Hands On Workshop)**

This workshop provides an opportunity to pray for one another thru Holy Scripture.

**Laura Green** has participated in healing seminars including two years at the Healing Institute, presented by Fr. Peter Sanders. Since 1998 when attending her first OSL meeting, she has a passion to pray for the needs of others through intercession and laying-on-of hands.
